The Ultimate Ballistic Protection

RESCUER VEST

Overview

Rescuer is our enhanced tactical vest model has been designed to give maximum protection to the upper torso. The Rescuer offers the most protection in our advanced armour range. Based on a standard tactical vest, the Rescuer has additional throat, collar, shoulder, and bicep and groin protection. All of these additional components are removable if the mission dictates, allowing the user to use the Rescuer as a standard tactical vest. The Rescuer is an ideal vest in high threat areas or doing internal security, such as riot control.
